Reg: Omicron and Delta Viruses

Dear Sir,

We would like to inform you that AIOCD had a meeting with Chairman NPPA and DCGI today regarding the availability of medicines in present situation.

Govt. is concerned that in coming time cases of Omicron and Delta Virus case may increase so that there should not be any shortages of medicines in the country.

Especially Govt. need that the following products are available and there is no shortage of the same:

1. All type of Cough Syrups
2. Paracetamol Tabs
3. Vitamin C
4. Zinc Tabs
5. Azithromycin
6. Ivermectin

Please ask all your members to keep sufficient stock to meet out the challenges in time to come.

If above or any other products are short in your state/Districts please inform immediately so that we can come out with the shortages of the same.

Also ensure that there should not be any hoarding of medicines at any place or district or State.

We are the custodian of the public health and we have to prove this time also.

Thanking you
